Weston, Edward Burbank,	*Gorham*,	14 M. H.
Whitman, Alonzo Garcelon,	*Auburn*,	11 A. H.
Woodward, Edwin Cox,	*Damariscotta*,	15 M. H.

Terms of Admission.

Candidates for admission into the Freshman Class are required to write Latin grammatically, and to be well versed in Geography, Arithmetic, six sections in Smyth's Algebra, Cicero's Select Orations, (Johnson's edit.) or an equivalent in amount, the Bucolics, two Georgics, and nine books of the Æneid of Virgil, Sallust, (Andrews' edit.,) Xenophon's Anabasis, six books;* together with Latin and Greek Grammar and Prosody, and the first thirty exercises of Arnold's Latin Prose Composition. They must produce certificates of their good moral character. The time for examination is the Friday after Commencement, and the first Thursday in the first and second terms. But no candidate shall be examined after the opening of the year, unless he designs to remain and pursue study with his class. Candidates for admission into the other classes will be examined also in the books which have been studied by the class, into which admission is requested. Students from other Colleges, before they can be examined, must produce a certificate of their regular dismission.

N. B. Particular attention to English Grammar and Composition is urged as essential to a suitable preparation for the College Course. The examination *in the Grammar of the Greek and Latin Languages, including the Prosody of both*, and *in writing Latin* will be particular.

Harkness' Latin Grammar, and Hadley's Greek Grammar are preferred.

* As an equivalent, Felton's Greek Reader is accepted; or Jacob's, or Owen's Greek Reader with the two first Gospels of the Greek Testament. Beginners in Greek are advised to take first Whiton's or Harkness' First Greek Book, then the Anabasis with Hadley's Grammar.

Course of Study.

Freshman Class.

FIRST TERM.

- Felton's Extracts from the Greek Historians.
- Greek Grammar, (Hadley's.)
- Arnold's Greek Prose Composition.
- Lincoln's Livy—(two books.)
- Paley's Natural Theology.
- Smyth's Algebra.
- Arnold's Latin Prose Composition.
- Lectures on Habits of Study, &c.

SECOND TERM.

- Odyssey commenced.
- Greek Grammar.
- Livy.—Smyth's Algebra.
- Arnold's Latin Prose Composition.
- Arnold's Greek Prose Composition.
- Paley's Natural Theology finished and reviewed.

THIRD TERM.

- Odyssey.
- Greek Grammar.
- Horace, (Odes.)
- Smyth's Algebra finished.
- Legendre's Geometry.
- Exercises in Elocution.
- Arnold's Latin Prose.
- Arnold's Greek Prose.
- Review of the studies of the year.

Sophomore Class.

FIRST TERM.

- Newman's Rhetoric.
- Demosthenes, Olynthiacs.
- Greek Prose Composition.
- Horace, (Satires.)
- Legendre's Geometry.— Smyth's Trigonometry.
- French Language, (Fasquelle's Exercises, Achard's Clos-Pommier, and Spiers', or Spiers and Surenne's Pronouncing Dictionary.)

SECOND TERM.
- Demosthenes, Philippics, &c.
- Horace, (Satires and Epistles); Cicero's Tusculan Questions, I.
- Smyth's Trigonometry—Heights and Distances, Surveying, and Navigation.
- Spherical Trigonometry.
- French Language, (Fasquelle's Exercises, and Achard's Clos-Pommier.)

THIRD TERM.
- Electra of Sophocles.
- Cicero.
- Smyth's Analytic Geometry.
- French Language, (Collot's French Reader.)
- Review of the studies of the year.

Junior Class.

FIRST TERM.
- Tacitus, Hist. Books III. & V.
- German, (Woodbury's Grammar. Adler's German Dictionary and Reader.)
- Greek, (Demosthenes de Corona.)
- Smyth's Calculus.

SECOND TERM.
- Mechanics; Pneumatics; Electricity; Magnetism.
- Whately's Rhetoric. Pt. I., II.
- German, (Woodbury's Grammar and Eichendorff's Taugenichts,) or Greek, (Apology and Crito of Plato.)
- Juvenal. Tacitus, (Agricola and Germania.)
- Spanish Language, (Seoane's Neuman & Baretti's Dictionary, Ollendorff's Grammar, and Novelas Españolas.)

THIRD TERM.
- Optics; Acoustics; Calculus.
- German, (Goethe's Faust.)
- Natural History.
- Vattel's Law of Nations.
- Spanish Language, (Don Quijote.)
- Review of the studies of the year.

Senior Class.

FIRST TERM.
- Astronomy.
- English Literature.
- Paley's Evidences.
- Upham's Mental Philosophy.
- Moral Science—Wayland's Elements.

SECOND TERM.
- Chemistry.
- Physiology.
- Butler's Analogy.
- Mental Philosophy continued.
- Moral Science—Wayland's Elements.
- English Literature;—Chaucer.
- Hebrew and Italian Languages.

THIRD TERM.
- Geology.
- Physical Geography.
- Butler's Analogy.
- Upham's Treatise on the Will.
- Moral Science—Wayland's Elements.
- English Literature;—Chaucer.
- Hebrew and Italian continued.
- Review of the studies of the year.

EXERCISES DURING THE YEAR.

Weekly Exercises in Declamation of all the Classes.
Original Declamations by the Juniors.
Forensic Disputations by the Seniors.
Compositions in English of the three upper Classes.
Weekly Translations into Latin by the Freshman Class.
Translations into English by the Sophomore Class.
Two weeks, preceding the term Examinations, are spent in review of the studies of the term.
There are two Exhibitions each year, by the Senior and Junior Classes; and two Prize Declamations, by the Junior and Sophomore Classes.

LECTURES.

ALL THE YEAR. By Prof. PACKARD—On Natural and Revealed Religion.

FALL TERM. By Prof. SMYTH—On Astronomy to the Senior Class.

SPRING TERM. By Prof. BRACKETT—On Chemistry and Natural History to the Senior Class.

By Prof. FORD—On Physiology.

SUMMER TERM. By Prof. SMYTH—On Natural Philosophy to the Junior Class.

By Prof. BRACKETT—On Natural History to the Junior Class.

VISITING COMMITTEE.

HON. PHILIP EASTMAN,
HON. JAMES W. BRADBURY, } Of the Trustees.

REV. JAVAN K. MASON,
HON. JOSEPH HOWARD,
HON. JOSEPH TITCOMB, } Of the Overseers.

EXAMINING COMMITTEE.

REV. JOHN O FISKE,
HON. HENRY H. BOODY, } Of the Trustees.

EDWARD P. WESTON, ESQ.,
THOMAS TASH, ESQ.,
REV. STEPHEN ALLEN, } Of the Overseers.

"BROWN MEMORIAL SCHOLARSHIP,"

— A Fund given for the support of four Scholarships in Bowdoin College, by Hon. J. B. BROWN, of Portland, in memory of his son, the late JAMES OLCOTT BROWN, ESQ.

According to the provisions of this foundation, the first of these Scholarships was established during the last Collegiate year; and annually hereafter, "there will be paid the sum of *Fifty Dollars* to the best scholar in the Freshman Class who shall have graduated at the High School in Portland, after having been a member thereof not less than one year."

Another of these Scholarships, for an equal sum, on like terms and conditions, will be established for the Sophomore Class in 1867; another for the Junior Class in 1868; and another for the Senior Class in 1869.

After the year 1875, it is provided that the annual value of these Scholarships shall be increased.

For the present year this scholarship has been awarded to FREDERIC AUGUSTINE FOGG.

PRIZES.

The sum of *Thirty Dollars* is annually given as a premium for excellence in Composition, to those members of the Senior Class whose parts at Exhibition are deemed most deserving by a Committee of award appointed by the Executive Government.

Prizes amounting to *Thirty Dollars* are in like manner assigned to members of the Junior Class for excellence in Oratory at their annual Prize Declamation.

A Prize of *Ten Dollars*—called the Sewall Premium—is awarded also to members of the Sophomore Class for excellence in Declamation.

The Prizes for the Sophomore Prize Declamation, July, 1866, were awarded to Orville D. Baker and Leonard W. Rundlett.

The Prizes for the Junior Prize Declamation, July, 1866, were awarded to Stephen M. Newman and Stanley A. Plummer.

The Prizes for the Senior Spring Exhibition were awarded to Joseph G. Fernald and George T. Packard.

LIBRARIES.

The number of volumes in the College Library is over	16,250
Medical Library	3,550
Peucinian	6,850
Athenæan	5,650
Total	32,300

ANNUAL EXPENSES.

Tuition, $ 30,00. Room rent, $ 10,00. Incidental charges on the College bills, $ 12,00. Board, $ 2,75 to $ 4,00 per week. Other expenses, as wood, lights, washing, use of books and furniture, $35,00. Total, $ 220,00.

MEDICAL SCHOOL OF MAINE.

Medical School of Maine.

The Medical School of Maine, by an Act of the Legislature, is placed under the superintendence and direction of the Boards of Trustees and Overseers of Bowdoin College. By the joint authority of these two Boards all the degrees of M.D. are conferred.

The New Medical College, now completed, affords most ample accommodations for every department of the School.

The Medical Session commences in February, annually, and continues sixteen weeks. Students, and particularly candidates for a degree, are examined either daily or weekly on the subjects of the Lectures.

The Lectures of the Medical Session are divided into two series. The order best adapted to medical instruction is thus secured. The first series, embracing Anatomy and Physiology, Materia Medica, Chemistry and Pharmacy, will close the middle of April, and candidates for degrees will then be examined in these studies.

The second series, embracing the Theory and Practice of Medicine, Surgery, Obstetrics, and Medical Jurisprudence, will commence the middle of April and continue till the close of the Session, when the examination of candidates for degrees will be completed.

It is highly important that students should be present at the commencement of the Session.

The Fees for admission to the several courses of Lectures, payable in advance, are $70.

The Graduation fee, including an engraved Diploma on Parchment, is $20. Matriculation or Library fee, payable each course, $5.

Pupils, who have attended two full courses of Medical Lectures, one of which courses must have been at this School, are admitted to all subsequent courses, without payment of any Lecture fees.

Students, who have attended two full courses at other regular Medical Institutions, are required to pay $25 for admission to their first course of Lectures at this School, in addition to the Matriculation fee.

Members of the Medical School may, at their request, have the privilege of attending, without additional expense, the Lectures on Natural History, delivered to the undergraduates during the Medical Session.

GRADUATION.

Candidates for the Degree of Doctor of Medicine are examined by the Faculty of Medicine immediately after the termination of the Course of Lectures, and also on the second Monday before the annual Commencement of the College, which occurs on the first Wednesday of August.

They must have devoted three years to their professional studies under the direction of a regular Practitioner of Medicine. They must have attended two full courses of Medical Lectures in some incorporated Medical Institution, and the last course previous to examination must have been at this Medical School. They must deposite with the Faculty satisfactory certificates of having pursued their Medical Studies for the required term, and of possessing at the time of examination a good moral character.—They must also pass a satisfactory Examination in Anatomy, Physiology, Surgery, Chemistry, Materia Medica, Pharmacy, Obstetrics, and the Theory and Practice of Medicine.—They must read and defend a Thesis or Dissertation on some Medical subject, in the presence of the Faculty of Medicine.

Those Candidates, who have not received a Collegial education, must satisfy the Faculty of their proficiency in the Latin Language and in Natural Philosophy.

Degrees are conferred at the close of each Course of Lectures, and at the annual Commencement of the College in August.

A fair copy of the Thesis or Dissertation must be deposited with the Secretary of the Faculty at least ten days before the commencement of the Examination at the close of the Lectures. These copies are preserved in the Medical Library; and it is required, that they should be written on Letter paper of medium size, with a wide margin, left for the purpose of binding them into volumes.

LIBRARY.

The Medical Library, attached to this School, is one of the best in the United States. It contains about 3,550 vols., principally modern works, which have been selected with much care; and is annually increasing. It embraces an extensive and valuable collection of Plates, among which are the works of Albinus, Baillie, Bateman, the Bells, Breschet, Bright, Carswell, Cloquet, Cooper, Cruveilhier, Home, Hooper, Lizars, Maygrier, Scarpa, Seerig, Swan, Tiedemann, Vicq d'Azyr, Weber, &c. &c.

All the Members of the Medical Class are entitled to borrow two volume a week from the Library. Those, who are candidates for examination for the degree of M. D. during the year, are permitted to exchange their books twice a week, thus giving them the privilege of consulting four volumes each week.

ANATOMICAL CABINET.

The Anatomical Cabinet was purchased in Paris; and many of the Preparations were there made under the direction of the late Professor Thillaye.

Many wet preparations have however been added from year to year.—Its valuable specimens of Morbid and Comparative Anatomy are also constantly increasing; so that every department of practical Anatomy can now be fully demonstrated from this collection.

The students, divided into classes containing 3 or 4 individuals, are furnished with the separated bones of the Skeleton for examination at their private rooms.

CHEMISTRY.

The Chemical Department embraces every Article of Apparatus essential to a complete illustration of the principles of Chemistry. This Course also includes a very full exhibition of the principles of Common and Galvanic Electricity, Electro-Magnetism, and Magneto-Electricity, with numerous experiments.

Lectures will also be given to the Medical Class on those departments of Natural Philosophy, which are especially connected with Medical Science.

SURGERY.

An extensive and valuable collection of Instruments and Apparatus has been provided for the department of Surgery; which will be completed by the Professor in this Department. Frequent opportunities for witnessing Surgical operations will be afforded.

All operations in the presence of the Medical Class will be performed *without charge*. It is considered important, that this fact should be extensively made known to the Public.

The foregoing is a brief statement of the means of acquiring Medical Knowledge, which may be enjoyed at this Institution. No efforts will be spared by the Professors which may tend to render these means beneficial, and to promote the instruction of pupils in Medical Science.

Calendar.

1867.

Jan. 24. Spring Term commenced — Thursday.
Feb. 21. Medical Session commenced — Thursday.
Apr. 15. Exhibition of the Senior and Junior Classes — Monday evening.
Apr. 16. Examination of all the Classes — Tuesday.
Apr. 17. Spring Term closes — Wednesday.

VACATION OF TWO WEEKS.

May 2. Summer Term commences — Thursday.
July 2. Examination of the Senior Class — Tuesday.
July 29. Prize Declamation of the Sophomore Class — Monday evening.
July 29–31. Examination of the three lower Classes.
Aug. 5. Prize Declamation of the Junior Class — Monday evening.
Aug. 7. Commencement — Wednesday.
Aug. 9. Examination for admission to College — Friday.

VACATION OF THREE WEEKS.

Aug. 28. Fall Term commences — Wednesday.
Aug. 29. Examination for admission to College — Thursday.
Nov. 25. Exhibition of the Senior and Junior Classes — Monday evening.
Nov. 26. Examination of all the Classes — Tuesday.
Nov. 27. Fall Term closes — Wednesday.

SUMMARY.

MEDICAL STUDENTS		102
SENIOR SOPHISTERS	24	
JUNIOR SOPHISTERS	24	
SOPHOMORES	33

TRIENNIAL CATALOGUE AND ROLL OF HONOR.

The next Triennial Catalogue, with a Roll of the names of all graduates and members of the College who took part in the War, will be published in July.

All persons who can give information appropriate for the Catalogue or Roll of Honor, are earnestly requested to communicate the same to the Collins Professor by June 20th.
